## VoiceRecording in Callisto

If voice recording is available on your Callisto system, an item labeled Voice Recording is present in the main menu. Clicking this item will reveal all filters that your account has access to.

Clicking a filter will list all recordings that are categorized by the filter.

Click on a record to listen to it. Depending on the access rights given to your account, you also may perform the following actions:

- Preserve record: Exclude the record from being deleted automatically.
- Show record info: Show detailed information on a record.
- Delete record: Delete the record. This action is permanent and the record cannot be restored.

## VoiceRecording Gadget

This gadget can be accessed with the URL <http://<callisto>/Jabber/Recording/Recording.asp>, where <callisto> is the address of your Callisto installation.

The image displays two screenshots of the Callisto Voice Recording gadget interface. Both screenshots feature the Callisto logo and the text 'Voice Recording' at the top. The top screenshot shows a green vertical bar on the left and the text 'No current Call' in the center. Below this text are two buttons: 'Start Recording' (with a red circle icon) and 'Stop Recording' (with a red square icon). The bottom screenshot shows a red vertical bar on the left and the text 'Outbound Call Paul Brown, General Store Inc.' in the center. Below this text are two buttons: 'Start Recording' (with a red circle icon) and 'Stop Recording' (with a red square icon).

This gadget enables you to start and stop manual recordings.
